

## WordPress Any Contact Us

### Installation Guide:

#### Manual Plugin Installation via Admin Dashboard

- Download "**WordPress Any Contact Us**" Plugin to your desktop.
- If downloaded as a zip archive, extract the Plugin folder to your desktop.
- You need to go to WordPress admin area and visit **Plugins » Add New** page.
- Here you need to click on the choose file button and select the plugin file you downloaded earlier to your computer.
- After you have selected the file, you need to click on the **install now** button.
- Once installed, you need to click on the **Activate Plugin** link to start using the plugin.

#### Manual Plugin Installation via FTP

- Download "**WordPress Any Contact Us**" Plugin to your desktop.
- If downloaded as a zip archive, extract the Plugin folder to your desktop.
- With your FTP program, upload the Plugin folder to the **wp-content/plugins** folder in your WordPress directory online.
- Go to **Plugins** screen and find the newly uploaded Plugin in the list.
- Click **Activate** to activate it.

## How To Activate Plugin:

By entering your purchase code you will enable the Automatic Updates option! Updates will come even before the Codecanyon.net official releases!

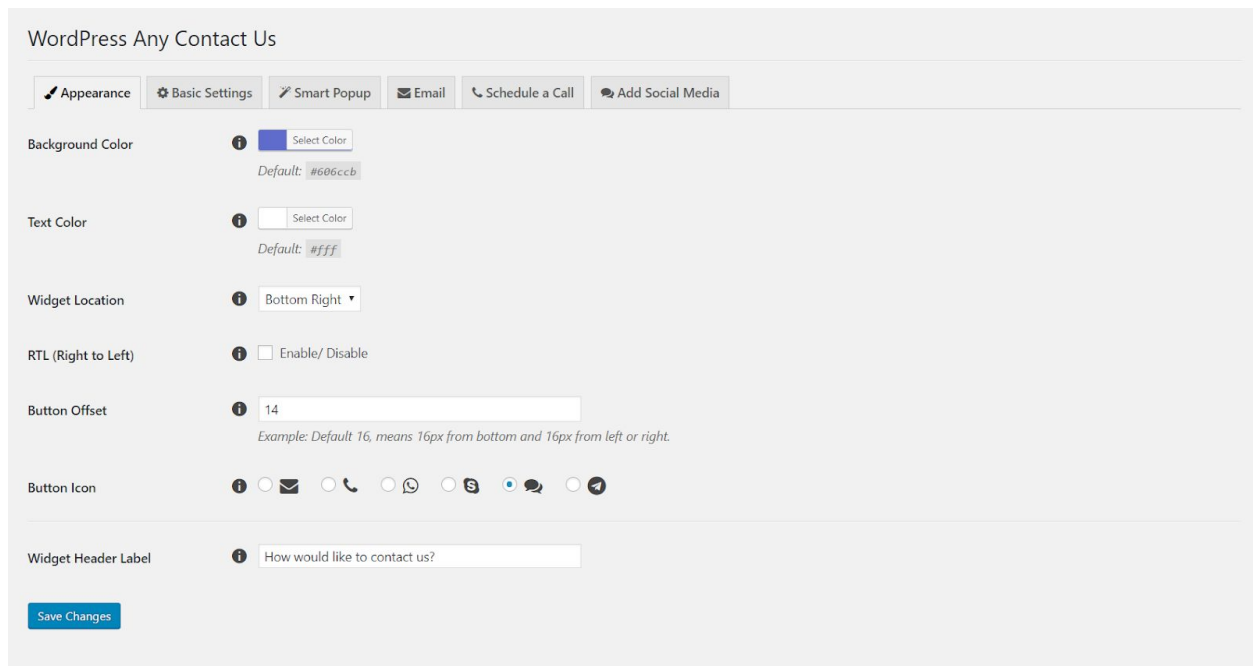

- After successful installation of the plugin. Enter your Envato purchase code.
- Now click on the “**Activation**” button  
[Where is my purchase code](#)

**Note\* : Use one license per domain please!**

## How To Deactivate Plugin:

- Goto the plugin support page from your admin menu.
- Now click on the “**Deactivate**” button.

## Plugin Appearance Settings:

The screenshot shows the 'WordPress Any Contact Us' settings page. At the top, there's a navigation bar with tabs: 'Appearance' (selected), 'Basic Settings', 'Smart Popup', 'Email', 'Schedule a Call', and 'Add Social Media'. Below the tabs, the 'Appearance' section is active. It contains several settings:

- Background Color:** A color picker with a blue square and the text 'Select Color'. Below it, 'Default: #606ccb'.
- Text Color:** A color picker with a white square and the text 'Select Color'. Below it, 'Default: #fff'.
- Widget Location:** A dropdown menu showing 'Bottom Right'.
- RTL (Right to Left):** A checkbox labeled 'Enable/ Disable' which is currently unchecked.
- Button Offset:** A text input field containing '14'. Below it, a note: 'Example: Default 16, means 16px from bottom and 16px from left or right.'
- Button Icon:** A row of circular icons for different contact methods: envelope, telephone, WhatsApp, Telegram, and others.
- Widget Header Label:** A text input field containing 'How would like to contact us?'.

At the bottom left of the settings area is a blue button labeled 'Save Changes'.

**Background Color:** You can change the background color of the widget.

**Text Color:** You can change the text color of the widget.

**Widget Location:** You can select the widget location as per your need.

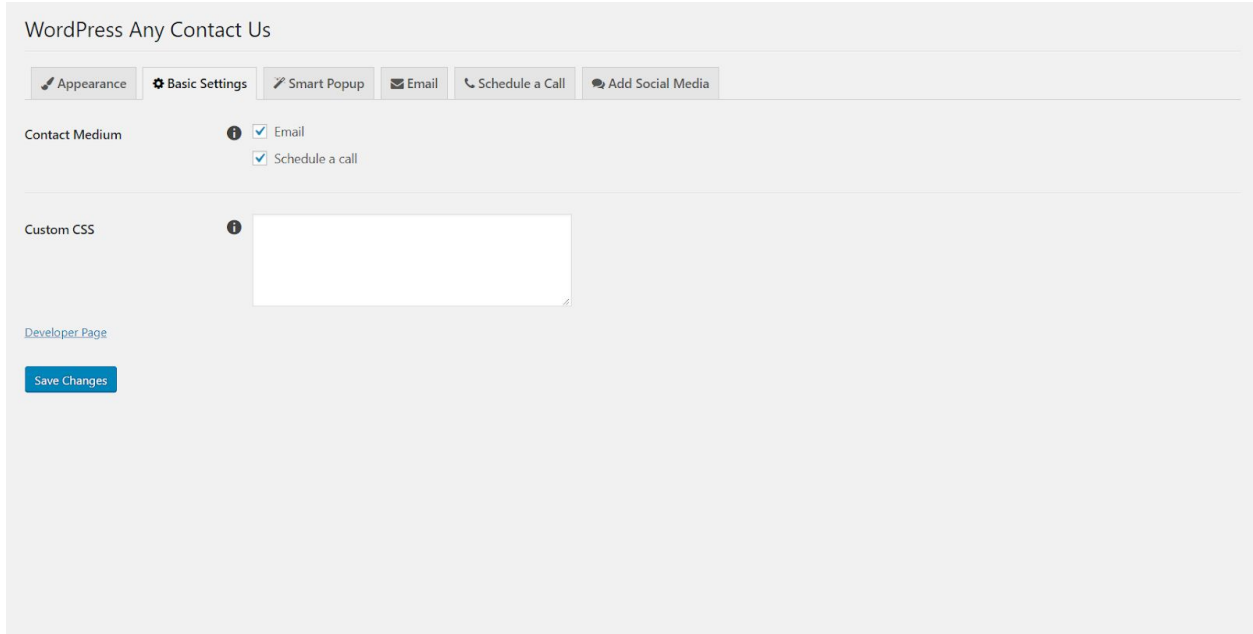

**RTL:** If your website supports Hebrew or Arabic then RTL change all into Right to Left.

**Button Offset:** You can change the button margin from the bottom and Left or Right.

**Button Icon:** You can change the Icon as per you

**Widget Header Text:** Here you can change the widget header text.

## Basic Settings:

The screenshot shows the 'Basic Settings' tab of the 'WordPress Any Contact Us' plugin. The page has a light gray background. At the top, there's a title 'WordPress Any Contact Us' and a navigation bar with tabs: 'Appearance', 'Basic Settings' (active), 'Smart Popup', 'Email', 'Schedule a Call', and 'Add Social Media'. Below the navigation bar, the 'Contact Medium' section has an information icon and two checked checkboxes: 'Email' and 'Schedule a call'. The 'Custom CSS' section has an information icon and a large empty text area. At the bottom left, there's a link 'Developer Page' and a blue 'Save Changes' button.

**Contact Medium:** Here you can enable or disable the contact mediums.

**Custom CSS:** You can add the plugin related custom CSS here.
