## What is 6amTech Payment & SMS Gateway?

6amTech Payment & SMS Gateway is an addon product with 33 payments and 14 SMS gateways. Now, you can enable more worldwide popular payment gateways for your customers and use top SMS gateways for your system.

It isn't an independent product. It only works with 6amTech's products. This addon is supported with the following 6amTech's products—

- 6Valley
- 6amMart
- StackFood
- eFood
- Demandium

## Prerequisite:

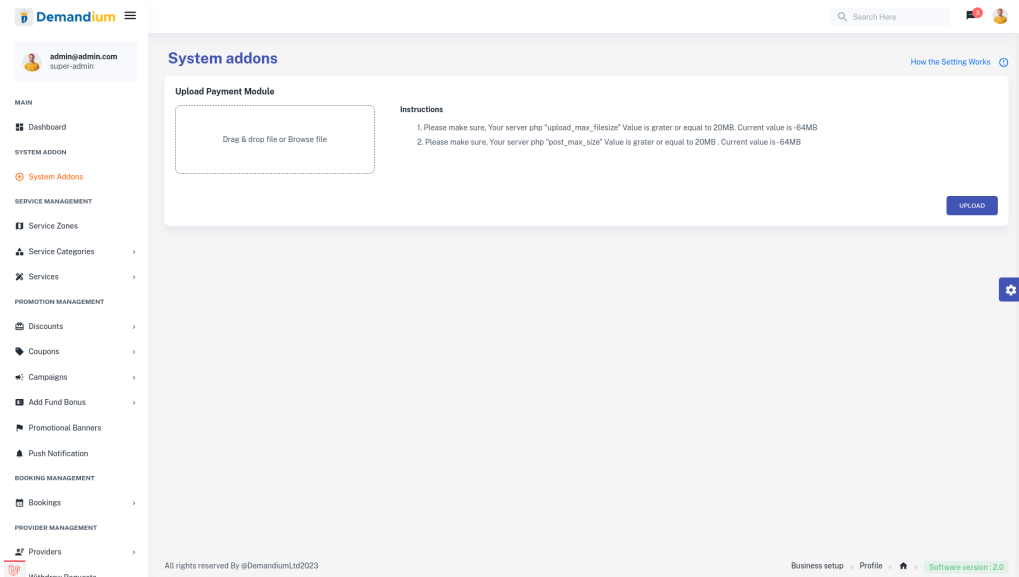

- You must need to have one of the above project
- No technical prerequisite as it totally depends on the above mentioned projects.

**Note:** After activating this addon, previous payment & SMS gateways will be disabled in the system. Users must use the new 6amTech Payment & SMS Gateway Addon instead.

## Manage Newly Added AddonClick on the newly appeared **Addon Menus** on the left menu bar.

1. Click on the newly appeared Addon Menus on the left menu bar.
2. Click on Payment Setup and SMS Setup to see payment and SMS gateways, respectively.

The screenshot displays the 'Payment Gateway Configuration' page in the Demandium admin dashboard. The left sidebar shows the 'Addon Menus' section expanded, with 'Payment setup' and 'Sms setup' visible. The main content area is divided into four panels for different payment gateways: Mercadopago, Liqpay, Paypal, and Hyper Pay. Each panel includes a status toggle (Active/Inactive), a dropdown menu, and input fields for Access Token, Private Key, Public Key, and Payment Gateway Title. There is also a 'Choose Logo' button and an 'UPDATE' button for each gateway.
